RE: PLANNED PRESCRIBED BURNS

NPWS is intending to carry out several large prescribed burns in Deua, Monga, Gourock and Tallaganda National Parks and Tallaganda State Conservation Area over March and April, depending on weather conditions.

These prescribed burns could result in the temporary closure of some roads and trails in these reserves. The following roads and trails may be affected:

Deua NP: Minuma Range FT, Oulla Creek FT, Coondella FT, Wamban FT, Serpent FT.

Monga NP: Gollarabee Mountain Rd, Knowles Rd, Gollarabee Mountain FT, Link FT, Quart Pot Rd.

Tallaganda SCA: Mulloon FT, Gourock FT, Butmaroo FT.

For updates on closures, please check the website www.nationalparks.nsw.gov.au and click on the 'alerts' tab, or, for more information call the NPWS Narooma office on 02 4476 0800.

These burns will be lit using a combination of ground crews lighting along selected fire trails and also the deployment of helicopters to drop aerial incendiaries with the focus on lighting drier NW facing ridges. The burns will be monitored by ground and air each day. There may be some smoke drift in association with these burns. If you suffer from medical problems such as asthma, please take the following precautions:

- close all windows
- stay inside
- or, leave the area during the burn.

For information on other areas in Far South Coast Region, contact the NPWS Narooma office on 02 4476 0800.
